

Vodafone Hungary  
is looking for a  
**Technology Intern**  
in the field of **Site Construction!**

Are you interested in the telecommunications industry and curious about the feeling of working at one of the world's leading mobile communication company?

If your answer is YES, **join us as a Technology Intern** and start building your career!

You will have the chance to gain valuable professional experience during your studies in an innovative multinational environment.

Site Deployment is responsible for implementing the physical infrastructure of Vodafone mobile network. Its subgroup's, the Site Construction Team's main task to **get the structural work implemented** from **permitting** phase through **design**, until site **acceptance**.

**You will be involved in**

- Among several different types of structures we build 30 - 60 m towers. Due to the regarding standards change, we are facing many structural challenges, especially on existing infrastructures. We intend to investigate thoroughly the situation, mainly compare the actual wind action impacts with the standards' rules.

**You are the person we are looking for if you**

- have an active full-time student status (ideally graduate student)
- are a university/college working on his or her diploma thesis (for masters' or PhD) or any other related studies which investigates the topic above.

As a Technology Intern you will work **part-time (20 hours/week)** for **6 months** so you can stay focused on your studies while **gaining real hands-on experience**.

During the program, we guarantee **exciting tasks and projects** full of challenges and also a **competitive salary**.

We will also assign a **buddy** to you, who will help you get to know the company and will answer all your questions.

After the internship, you will have the opportunity to apply for our **IT/Engineering Discover Program**, which is a 24-month long career program dedicated to IT and Engineering fresh graduates, which is based on rotations among the different areas of our Technology Department.

Location: **Budapest, Vodafone Hungary HQ**
